Engineering - Elect Two

D.S. Garewal

PLATFORM:

On university affairs:

- 1) Immediate implementation of the new students society constitution.
- 2) A more positive attitude of the students council towards I.S.A.
- 3) Integrated residences.
- 4) Legalized pot on campus.

ON FACULTY AFFAIRS:

- 1) Open faculty meetings.
- 2) Academic changes in course content.
- 3) More community involvement.

Law - Elect One

Michael Chodos

ACTIVITIES:

- Chairman, Intercollegiate debating, 1966-67
- Co-chairman, McGill International debate tournament, 1967-68.
- President, Scarlet Key Honour Society, 1968-69.
- Member of the Price Commission on the role of the law student in the Students' Society, 1968-69.
- Member of the Committee to revise the L.U.S. Constitution, 1969.

PLATFORM:

- Remove "Ivory Tower" atmosphere present in the Faculty of Law; law to lead the way in action on issues vital to Quebec Society.
- Participatory democracy in the law school: set up a system of feedback between the students and Councilor.
- Extension of legal aid program to students.
- Bilingual exams immediately.
- Investigation of financial position of the Students' Society and a positive program of fiscal control.

Peter Shiu

EXPERIENCE:

- McGill Chinese Students' Society, President
- ISA Council Member
- Forum Editorial Committee

EXTERNAL:

- Recognition of the fact that McGill is part of Quebec society both French and English, and should function as such.
- Greater involvement of McGill in Quebec society by supporting McGill community projects.
- Retain English as major language of instruction while increasing scope and availability of French courses.

UNIVERSITY:

- Immediate adoption of the new student constitution voted for by the students last year.
- More political and financial autonomy for individual faculties.
- Immediate action is required on Students' Society reform. A definite and progressive policy representative of all students' voices must be adopted on Council.
- Enlarge student employment services.
- Financial support of student co-ops.
- Re-evaluate bookstore policies.

FACULTY:

- Security of admission for upper years study to all qualified McGill CEGEP students.
- Press for consideration of pass/fail and grading systems.
- More student participation in campus affairs by teach-ins, committees on faculty and course appraisal.

Ian Rose

STUDENTS' COUNCIL:

- **PRIORITY ON EDUCATIONAL REFORM.** Students' Council must have as its top priority the promotion of all efforts in this area.
- **ORDER IN FINANCES** To avoid large deficits, the establishment each year of priorities and a coordinated budget must become regular policy of Council.

- **REORGANIZATION OF THE STUDENTS' SOCIETY.** Will the new constitution solve any problems, or merely create new and greater ones? Will a new decentralized system—such as at Toronto or U. de M.—become necessary?

- **IMPROVEMENT OF EXTERNAL RELATIONS.** Coordination of our relations with CEGEPS and other pre-university institutions in one committee; similar organization for inter-university relations.

LUS:

- Work towards a continuing curriculum reform.
- Promote activities such as Legal Aid and the "Law and Society" program.
- Improve communications within Faculty, and with Lower Campus.
- Increase voice of students in the Faculty.
- Strengthen LUS structures.

ACTIVITIES:

- MCWA 1965
- UGEQ 1965-68
- McGill Seminar on Quebec Affairs, 1968
- Commission Pedagogique, Laval 1969
- FEDQ Delegate
- Senate Committee on External Policies and Relations
- McGill Legal Aid Association

M. S. Maqsood

PLATFORM:

On university affairs:

- 1) Immediate implementation of the new students society constitution.
- 2) A more positive attitude of the students council toward I.S.A.
- 3) Integrated residences.
- 4) Legalized pot on campus.

ON FACULTY AFFAIRS:

- 1) Open faculty meetings
- 2) Academic changes in course content.
- 3) More community involvement.

Paul Hartmann

EXPERIENCE:

- Member of McGill Senate
- Delegate to Progressive Conservative Policy Conference 1969
- Secretary-Treasurer of the McGill Progressive Conservative Association 1969-1970.
- Delegate to University Model United Nations conference 1966.
- Delegate to 8th. Annual Seminar on International Affairs 1967.

PRIORITIES:

1. A RESPONSIBLE, MODERATE, and HARDWORKING STUDENTS' COUNCIL.

2. Expansion of the legal aid service.
3. Involvement of McGill in the community.
4. Oppose the Union National government's discriminatory policies against McGill.

If you have ever attended a Students' Council meeting the first thing that strikes you is the circus atmosphere. Members exist in a state of near-total unawareness of the real problems of the world. Money is squandered recklessly, for example last year in the midst of its collapse UGEQ was loaned an unrecoverable \$5,000. Bad financial management is cutting reserve funds by \$40,000 annually. When they are gone completely you know what - higher fees is what.

ERRATUM - In the McGill Daily edition of yesterday, Tuesday, December 2nd, 1969, due to a printer's error the pictures of Peter Shiu and M.S. Maqsood were transposed. Our apologies to these two candidates.

Arts & Science - Elect Three

John Bandiera, Arts

Taking stands on broad social issues is important, but the real needs of students cannot be sacrificed for pompous platitudes and petty-politicking. The student population is alienated from its representative body. Council must evaluate the needs of students through effective communication with them and press for relevant reforms especially in educational structures.

PLATFORM:

- More courses available in French but McGill should remain essentially English.
- Faculty societies must derive greater benefits from their financial support of council than they do at present.
- Establishment of a student aid fund to provide short-term loans.
- Trimester system to avoid excess competition for summer employment, to provide more space for CEGEP students, and to lower faculty student ratios.
- Optional pass-fail system and experimentation with new approaches such as Kingsbury method in teaching.
- Unicameral governing body for McGill consisting of one third students, one third faculty and one third outside interests.

Robert A. Hosang, Science

BACKGROUND:

- I.S.A. Interim treasurer
- Residence council 68-69
- Co-chairman Saturday Coffee House
- I.S.A. Executive committee.
- Honors Biochemistry

PRIORITIES:

Students Society

- Endorse the immediate implementation of new constitution.
- Thorough investigation and revision of policy on allocation of funds to undergraduate societies.
- Immediate action to prevent Council bankruptcy.

EDUCATIONAL REFORM

- Increased availability and scope for courses given in French.
- Experimentation with suggested techniques for improving presentation of course material.

UNIVERSITY STRUCTURES:

- Structural reform of governing bodies: unicameral legislature.
- Parity on all departmental committee

RESIDENCES AND HOUSING

- Reform mean policies and redefinitions of academic staff's role.
- Greater resident participation on selection of staff

Garry Bernacsek, Science

BACKGROUND:

- Programme Co-Ordinator, McGill Biological Society (68-9)
- Student rep. University Museums Advisory Council
- Biology, BSc 3
- Science student rep on A&Sc Faculty

PLATFORM:

University Government

- abolish Board of Governors; replace it with joint student-faculty body
- support student role in hirings, promotions and tenure
- student apathy is not the result of poor teaching methods but of social passivity; it can only be overcome by a radical re-orientation of the university's goals to serve the productive elements of Quebec society and not the foreign and native capitalist interests McGill now serves
- university education profits society, not individuals; the government must therefore assume the cost of financing higher education

ACADEMIC

- push for a more critical analysis of material taught
- students must demand that faculty take stands on issues arising from course material so that conflicting views may be resolved and groups act on them
- by integrating with the productive elements of society, knowledge can be applied to social issues to instigate change and betterment of the conditions of life in Quebec

Roy Salonin, Arts

EXPERIENCE:

- McGill Community Program
- Moratorium Committee
- Cafeteria Committee

PRIORITY:

EDUCATIONAL REFORM

Since council controls Senate committee members (student) its role in reform must be:

- 1) to seek student support for reform by setting up tables every two weeks in campus bldgs. with councillors available for discussion and recruiting people.
- 2) Publish reports of all committees every two weeks as to successes, failures, and who attends. • compulsory courses must go • pass-fail and credit system must be adopted • uninspiring introductory courses must be revamped.

PEOPLE ARE KEPT OUT OF THEIR CHOSEN FIELDS OF STUDY FOR TOO LONG
Also:

- adopt our new CONSTITUTION now! • give FILM SOCIETY & I.S.A. a better deal • support MCGILL COMMUNITY PROGRAM • support FORGE or GINKGO • Support: Set up "council run" COOPS to raise money.

We must restore respect for council by ending personality conflicts.

COME TOGETHER NOW — we're not here forever.....

Andy Dodge, Arts

QUALIFICATIONS:

- McGill Daily (Assistant Managing Editor) '69
- ASUS Student-Faculty Relations and University Government Committee '68-'69
- UGEQ: Arts and Science Delegate '69
- Senate Admissions Committee '69
- Blood Drive '68, '69

SUMMER WORK:

- 1968: McCarthy Campaign; Vermont, New York, Chicago
- 1969: Summer Exposure, a summer program for Harlem youth

OPINION:

This is a crucial year for the whole concept of student government at McGill. This is the year in which responsibility is clearly being pitted against student elitism and petty politics.

PLATFORM:

- Student Forum, for two-way communication between students and council.
- Close liaison maintained between Council and Senate committee representatives.
- Pressure upon faculty committees for a faster implementation of much-needed course reform.
- Immediate implementation of New Constitution.
- Press for much larger representation on Senate, though we should keep our reps on Senate in the meantime.
- Support for the restructuring of University government along tripartite lines of Bissell (U of T) report.
- Response to constituency demands, and pressure upon all other Councillors to do the same.

Pat Snow, Arts

QUALIFICATIONS:

- 1969-70 Senate Committees: Urban Studies, Student Counselling
- Past Activities: Daily, Blood Drive, Freshman Reception

PLATFORM:

- Immediate implementation of the new constitution
- Restructuring of University government along tripartite lines of Bissell (U of T) report
- Larger student representation on Senate
- Closer Council-Senate liaison
- Pressure for much-needed course reform
- Student Forum — for greater Council-student dialogue
- Tighten Council budget priorities
- Greater response to constituency demands
- Increased commitment of McGill in the Montreal Community

PRIORITIES

Council must get out of its ivory tower and communicate with the students of McGill. And it must keep in touch with Senate and senate committees. Faculties have been threatening secession, including the ASUS. There must be increased co-operation between Council and these faculties.

Action must be taken NOW.

The new constitution must be implemented immediately. Greater student representation on Council is absolutely necessary.

John Geffken — Arts

BACKGROUND:

- Honours Economics; University Scholar; Senate Comm. on Evaluation; UGEQ congress Delegate, 1969; McGill Debating Union Executive.

PLATFORM:

Council's first responsibility is to students at McGill.

Finances:

Cut this year's projected deficit; Balance the Budget next year; Better deal on cafeteria and vending machine revenues.

Unicameral supreme governing body: 1/3 — 1/3 — 1/3

Educational Reforms:

- (1) Staff requirements must take priority over research. Specifically, more profs and better planning where needed, esp. in Psych and Soc.
 - (2) Given the way different personalities respond to different learning environments, give the option of several means of evaluation in a course.
 - (3) Grading by letters only. No numerical grade. NOT pass/fail.
 - (4) Full support for the idea of C.L.D. and people who get involved in "educational engineering".
 - (5) Seriously... about the only way you get a good teacher around here is if the prof is a natural. There should be some kind of course in teaching methods available to interested staff on a voluntary basis.
- More RESPONSIVE Council via increased communication with the rest of campus.
- PASS/fail credit course in functional French.
- Move toward coed residences. As usual at this time of year, Residence problems get remembered. Let's do something about them this time.
- Increased student representation at all levels, but NOT NECESSARILY with parity.

Arlene Zuckernick, Arts

EXPERIENCE:

- Arts Student Rep on Faculty
- Student Rep., Faculty Committee on Standings and Promotion
- Secretary, ASUS (68-69)
- Chairman, Tutorials Program (68-69)
- Secretary, Sociology — Anthropology Society (67-68)
- Course Guide '68

STUDENT WELFARE:

- McGill's Board of Governors is seriously considering a substantial increase in tuition fees for the fall of 1970

The Students' Society must:

- oppose such a unilateral decision. Work for universal accessibility and a tuition-free education.

- ASUS to form a union of CEGEP students to guarantee admission to upper year university program and lower fees
- Support community projects
- Establish on-campus Birth Control Clinic

UNIVERSITY AND FACULTY GOV'T:

- OPPOSE split of Faculty; it would undermine all inter-disciplinary study efforts
- Abolish B of G; substitute with unicameral governing body
- End SC's legal-constitutional hassle. Implement rep-by-pop immediately
- End discriminatory scholarships

EDUCATIONAL REFORM:

- Restructure undergraduate degree requirements (e.g.) abolish continuation, cognates language requirement.
- Departmental Course Surveys

Architecture- Elect One

Ian Beitel

McConnel Scholar
University scholar

Exhibition Committee Chairman, AJS-68.

Student Rep: Engineering Planning and Development Committee-69.

PLATFORM:

Quebec frame.

- Acceptance of a positive role in Quebec.
- Increased use of French at McGill.
- Compulsory French courses at Freshman level.

University Gov't to be reconstituted in accordance with U. of T. report, equal representation of students, faculty and community.

Greater involvement in programs developed by the Centre for Learning and Development.

Implementation of interdisciplinary studies program.

Greater financial autonomy to faculty societies.

Creation of student employment agency, emphasis toward professional faculties.

Bookstore, expanded and reorganized on a cooperative basis.

Council begins to use the power it possesses (W.R.T., Quebec, educational reform, poverty, pollution, etc.) or dissolve.

Barry Pinsky

PROGRAM:

- Limiting Students' Council to those issues on which unified student action is necessary:

1. changing the structure of university government by establishing a unicameral governing body of student, faculty, administration and public representatives.

2. continued research and debate on both teaching methods and course content and relevance.

3. changing McGill's role in Quebec to one of service and cooperation.

4. increasing, though not exclusive, use of French

5. increased support of community action programs — medical, legal and advocacy planning centres.

6. continued and increasing involvement in political actions such as moratoria, teach-ins and demonstrations.

● greater autonomy for all schools and faculties

● increased revenues by "no-strings attached" university subsidy of the union.

● democratization of the SC by immediate implementation of the new constitution.

● ensuring a responsible executive which reflects the opinions of a majority of students.

EXPERIENCE:

- Senate Development Committee
- Students' Society Education Committee
- Faculty Summer Employment Committee
- School of Architecture Advisory Committee
- Ace Tutorial Program.

Medicine- Elect One

Susan Black

BACKGROUND:

First year medicine; Chairman Inter-Residence Council; R. V. C. House Committees: President R. V. C.; President Red Wings; Member University Residence Council.

POLICIES:

- Formation of Associate Membership in PGSS for medicine.
- Investigate possibility of graduate status for professional faculties
- Maintain Students' Society grants for community health projects
- Exploring methods of maintaining solvency of Students' Council
- Promote further changes in new Constitution
- Explore alternatives to present University government
- Fight to maintain the international facet of McGill
- Preserving McGill as an English university with expanded use of French

Medicine must have an active and constructive voice on Council. By working this term to prevent the personality conflicts presently dominating Council from arising again, we can create an effective Council for all students, not just undergraduates.

Robert Turner

- MDCM II
- Caughnawaga Health Survey, 1969.
- Morphology Committee Report, 1969.
- McGill Conference on Student Affairs, 1967. Chairman, 1968.

PLATFORM:

1) Reconsideration of M.S.S. in the framework of the Student Society. Support **associate** status in PGSS to enable use of faculties, but maintain distinct identity.

2) Continued financial support of Pointe St. Charles and Jeanne Mance clinics and other community projects. We need dynamic action within an evolving Québec context, stressing particular attention on poverty and health conditions.

3) Rational approach to Student Society finances in light of impending bankruptcy; budget reductions in Daily, SC, executive salaries, bookstores.

4) Work for reform in university community; unicameral legislature, discipline code.

The representative from Medicine must provide effective and positive representation for medical students being accountable to all medical students. Action must be taken on social questions, such as health and poverty problems. Insularity amidst suffering cannot be tolerated.

Chief Returning Officer

PLEASE NOTE:

The Principalship Preferential Poll, originally scheduled for December 3, has, by Executive order, been postponed until the end of January or beginning of February. Thus, our current elections deal only with Students' Council seats.

Commerce - Elect One

Jon Lithwick

There is an immediate need to establish at McGill a student run placement service set up along the lines of Asset at Sir George. It should complement the existing McGill placement service but not replace it. To make lectures in Commerce more dynamic and alive we should encourage businessmen to come to our courses as guest lecturers. These actions should complement and extend the existing speakers program. There should be an increase in the number of courses available to commerce students, so that upon Graduation the student will have a greater knowledge of the workings of modern business.

If the new constitution is ratified a Board of Regular Committees having one rep. from each faculty should be set up to regulate and control the actions of the Student Council. I feel that a decentralization of the Student Society is a must if the Council is to represent and be a function of the student bodies' interest.

We cannot expect to receive funds from the Student Council in the following year. For C U S to expand its activities needs increased financial support. Therefore, I am in favor of the proposed fee increase.

Stewart Schneider

EXPERIENCE:
Balance Sheet.
Chairman, C.U.S. Pre-University Affairs Committee.

PRIORITIES:
● Council must stop playing partisan politics and concentrate on the organizational and educational needs of the students. ● Support for social welfare projects such as Blood Drive, legal and medical clinics in Pointe St-Charles. NOT draft dodgers, deserters and revolutionaries. ● Decentralization of Students' Society, more power to Undergraduate Societies. ● Educational reform, pass-fail grading, tailor courses to needs of students not vice-versa. ● I shall act as a representative of Commerce on Council, NOT an individual. ● Amend new Students' Society Constitution, under it a non-student may become Daily editor, Arts and Science will have 12 reps to our 1.

EXPERIENCE

- Student member Senate Sub-Committee for Collegial Affairs
- Associate editor pre-university affairs newspaper
- ASUS Internal Affairs and Education Committee
- Reporter McGill Daily
- Participant McGill Free High School

PLATFORM

- CEGEP priorities:**
- At least one CEGEP student on all faculty committees with more than three students total and on all ASUS committees.
 - Elimination of fees for CEGEP students at McGill
 - Clarification of admissions policy to University I and to the professional faculties
 - Honours programmes for second year CEGEP students
 - Increased acceptance of French students to E-1 and U-1
 - Greater flexibility for the CEGEP programme
- General Policy:**
- General reform of education at McGill; specifically the introduction of a pass-fail and fractional credit system as well as a trimester system
 - Special effort to insure participation representation of science students
 - Continuous contact with CEGEP students through open meetings and other methods
 - Re-orientation of curriculum in order to make it more relevant to the needs of Quebec

- Press for faculty clarification of policy concerning: Availability of E-2 Honours Programmes Admission requirements for University-1
- Publication of A.S.U.S. Course Guide to E-1 and E-2 Courses
- Reorientation of Introductory Courses to end: Discriminatory Gatekeeping Arbitrary unilateral reduction of class size Emphasis on mass lectures in large courses
- Participation of E-1 students in the formation of the 5-Year Program through open discussion and assertion of A.S.U.S. policy on vital issues as course content, pass-fail.

Guy Lowry, B.Sc. 2

PRIORITIES

- Oppose split of Arts and Sciences and work for better integration of Arts and Sciences programs. ● Oppose ASUS secession from Students Society and pressure for adoption of new Students Society constitution with or without senate approval. ● Immediate implementation of socially relevant courses i.e. credit for community involvement programs. ● Serious study of feasibility of trimester system. ● Re-examination of fee structure and of the place of the student in society. ● Early budgeting by administration to allow departments to plan early. ● More comprehensive course guide i.e. to include every course. ● A newspaper somewhat along the lines of the "The Reporter" concerned with the activities of student and joint committees. ● Increased student participation in science department.

QUALIFICATIONS:

- Executive committee, McGill Moratorium Committee
- Chairman "OPERATION Pacification" Sub-Committee
- Student Academic Policy Committee
- President of Skydiving Club

René Sorell, B.A. 2

EXPERIENCE:

In the ASUS '67-'68-'69
Interim representative to ASUS for class of 72
ASUS representative on Faculty
ASUS FREE PRESS: production manager and feature writer
ASUS Curriculum Review Committee: student member
ASUS delegate to the congress at Quebec
ASUS teach-in on CEGEPs

In other activities
MCGILL DAILY: reporter, feature writer, and desk editor
CHAIRMAN: Pre-university affairs committee
Representative to History Department RAP organization
Representative to Spanish RAP organization
CO-EDITOR: Pre-university affairs paper
CO-ORDINATOR: McGill Free High School

PRIORITIES:

- Oppose split in Arts and Science. ● Take steps to increase science participation in ASUS affairs. ● Increase student representation within departments. ● Set up structures to increase contact between reps and student electorate. ● Support ASUS sponsored tutorials programme. ● Increase student services offered by ASUS. ● Push for a new more comprehensive course guide as well as departmental resumes of courses offered. ● Allocate space in the FREE PRESS to ASUS affairs. ● Take steps on Faculty to reduce CEGEP level fees. ● Hold more teach-ins and conferences on educational issues.

Allan Schaffer, B.A. 3

Moderate, responsible students have reached their boiling points as a result of the atrocities perpetrated by the ASUS executive and their cohorts. A condescendence telegram to the Viet Cong on the occasion of Ho Chi Minh's death — with our money — is certainly not acting in the best interests of Arts and Science students at McGill. In addition, the abomination of journalism as exemplified in the "Free Press" leaves much to be desired (an understatement).

A radical vociferous minority has succeeded in manoeuvring the Arts and Science Undergraduate Society into their own specific brand of politics — irrelevant to most students qua students. However, they have attained power through default on the part of the silent majority. They now ascertain that corruption, graft, and deceit in the pursuit of communism is no vice. Let us awaken from our apathy and assert rationality and responsibility. ASUS must represent its constituents.

PRIORITIES:

1. Re-evaluate the language requirement in Arts
2. Establish new programmes for Science students
3. Study the feasibility of separating Arts and Science into two faculties
4. Investigate the allocation of funds within ASUS
5. Cut off all financial support of the "Free Press" until it becomes more representative of Arts and Science students
6. Tri-mester system.

Jeff Richstone, B.A. 3

QUALIFICATIONS

- Honours Philosophy
 - Committee on the Structure and Constitution of the Faculty of Arts and Science.
 - McGill in Quebec Conference
- Because the Students' Society has neglected basic educational and social issues, ASUS must assume the Initiative in the following matters:**
- 1—restructuring the educational process to serve and develop the needs of students with:
 - a greater emphasis on interdisciplinary programmes and experimental teaching methods
 - a pass-fail system and adoption of a tri-mester programme
 - a priority on curriculum reform: more attention must be given to science courses.
 - 2—Increase Arts and Science representation on Students' Council through immediate implementation of proposed constitution.
 - 3—co-ordination of departmental associations which would press for substantial student representation — especially on hiring/firing, promotions and tenure committees.
 - 4—student welfare programme — initiation of a comprehensive plan dealing with summer jobs, housing, loans and bursaries.
 - 5—re-apportioning of Student's Council funds toward cultural projects e.g. a literary magazine (which has been rejected by Council).
 - 6—focus on relations of Science to social problems, e.g., water pollution, chemical and biological warfare.

Engineering - Elect Two

Ian Rose

STUDENTS' COUNCIL

- **PRIORITY ON EDUCATIONAL REFORM.** Students' Council must have as its top priority the promotion of all efforts in this area.
- **ORDER IN FINANCES** To avoid large deficits, the establishment each year of priorities and a coordinated budget must become regular policy of Council.

- **REORGANIZATION OF THE STUDENTS' SOCIETY.** Will the new constitution solve any problems, or merely create new and greater ones? Will a new decentralized system—such as at Toronto or U. de M.—become necessary?

- **IMPROVEMENT OF EXTERNAL RELATIONS.** Coordination of our relations with CEGEPS and other pre-university institutions in one committee; similar organization for inter-university relations.

LJS

- Work towards a continuing curriculum reform.
- Promote activities such as Legal Aid and the "Law and Society" program.
- Improve communications within Faculty, and with Lower Campus.

4. Oppose the Union National government's discriminatory policies against McGill.

If you have ever attended a Students' Council meeting the first thing that strikes you is the circus atmosphere. Members exist in a state of near-total unawareness of the real problems of the world. Money is squandered recklessly, for example last year in the midst of its collapse UGEQ was loaned an unrecoverable \$5,000. Bad financial management is cutting reserve funds by \$40,000 annually. When they are gone completely you know what — higher fees is what.

Commerce - Elect One

Jon Lithwick

There is an immediate need to establish at McGill a student run placement service set up along the lines of Asset at Sir George.

It should complement the existing McGill placement service but not replace it. To make lectures in Commerce more dynamic and alive we should encourage businessmen to come to our courses as guest lecturers. These actions should complement and extend the existing speakers program. There should be an increase in the number of courses available to commerce students, so that upon Graduation the student will have a greater knowledge of the workings of modern business.

If the new constitution is ratified a Board of Regular Committees having one rep. from each faculty should be set up to regulate and control the actions of the Student Council. I feel that a decentralization of the Student Society is a must if the Council is to represent and be a function of the student bodies' interest.

We cannot expect to receive funds from the Student Council in the following year. For C U S to expand its activities needs increased financial support. Therefore, I am in favor of the proposed fee increase.

Stewart Schneider

EXPERIENCE:

Balance Sheet

Chairman, C.U.S. Pre-University Affairs Committee.

PRIORITIES:

- Council must stop playing partisan politics and concentrate on the organizational and educational needs of the students.
- Support for social welfare projects such as Blood Drive, legal and medical clinics in Pointe St-Charles, NOT draft dodgers, deserters and revolutionaries.
- Decentralization of Students' Society, more power to Undergraduate Societies.
- Educational reform, pass-fail grading, tailor courses to needs of students not vice-versa.
- I shall act as a representative of Commerce on Council, NOT an individual.
- Amend new Students' Society Constitution, under it a non-student may become Daily editor, Arts and Science will have 12 reps to our 1.

Architecture Elect One

Ian Beitel

McConnell Scholar
University scholar

Exhibition Committee Chairman, AUS-68.

Student Rep: Engineering Planning and Development Committee-69.

PLATFORM:

Quebec frame.

● Acceptance of a positive role in Quebec.

● Increased use of French at McGill.

● Compulsory French courses at Freshman level.

University Gov't to be reconstituted in accordance with U. of T. report, equal representation of students, faculty and community.

Greater involvement in programs developed by the Centre for Learning and Development.

Implementation of interdisciplinary studies program.

Greater financial autonomy to faculty societies.

Creation of student employment agency, emphasis toward professional faculties.

Bookstore, expanded and reorganized on a cooperative basis.

Council begins to use the power it possesses (W.R.T. Quebec, educational reform, poverty, pollution, etc.) or dissolve.

Barry Pinsky

PROGRAM:

● Limiting Students' Council to those issues on which unified student action is necessary:

1. changing the structure of university government by establishing a unicameral governing body of student, faculty, administration and public representatives.

2. continued research and debate on both teaching methods and course content and relevance.

3. changing McGill's role in Quebec to one of service and cooperation.

4. increasing, though not exclusive, use of French

5. increased support of community action programs — medical, legal and advocacy planning centres.

6. continued and increasing involvement in political actions such as moratoria, teach-ins and demonstrations.

● greater autonomy for all schools and faculties

● increased revenues by "no-strings attached" university subsidy of the union.

● democratization of the SC by immediate implementation of the new constitution.

● ensuring a responsible executive which reflects the opinions of a majority of students.

EXPERIENCE:

● Senate Development Committee

● Students' Society Education Committee

● Faculty Summer Employment Committee

● School of Architecture Advisory Committee

● Ace Tutorial Program.

Medicine Elect One

Susan Black

BACKGROUND:

First year medicine; Chairman Inter-Residence Council; R. V. C. House Committees: President R. V. C.; President Red Wings; Member University Residence Council.

POLICIES:

● Formation of Associate Membership in PGSS for medicine.

● Investigate possibility of graduate status for professional faculties

● Maintain Students' Society grants for community health projects

● Exploring methods of maintaining solvency of Students' Council

● Promote further changes in new Constitution

● Explore alternatives to present University government

● Fight to maintain the international facet of McGill

● Preserving McGill as an English university with expanded use of French

Medicine must have an active and constructive voice on Council. By working this term to prevent the personality conflicts presently dominating Council from arising again, we can create an effective Council for all students, not just undergraduates.

Robert Turner

— MDCM II

— Caughnawaga Health Survey, 1969.

— Morphology Committee Report, 1969.

— McGill Conference on Student Affairs, 1967. Chairman, 1968.

PLATFORM:

1) Reconsideration of M.S.S. in the framework of the Student Society.

Support **associate** status in PGSS to enable use of faculties, but maintain distinct identity.

2) Continued financial support of Pointe St. Charles and Jeanne Mance clinics and other community projects. We need dynamic action within an evolving Québec context, stressing particular attention on poverty and health conditions.

3) Rational approach to Student Society finances in light of impending bankruptcy; budget reductions in Daily, SC, executive salaries, bookstores.

4) Work for reform in university community: unicameral legislature, discipline code.

The representative from Medicine must provide effective and positive representation for medical students being accountable to all medical students. Action must be taken on social questions, such as health and poverty problems. Insularity amidst suffering cannot be tolerated.
